**RE: REQUEST FOR NOTICE OF COMPLETION OF WORK
REMOVAL ACTION
GULFCO MARINE MAINTENANCE SUPERFUND SITE
FREEPORT, TEXAS**

Dear Mr. Miller and Ms. Engblom:

As you know, Pastor, Behling & Wheeler, LLC (PBW) on behalf of LDL Coastal Limited LP (LDL), Chromalloy American Corporation (Chromalloy), and The Dow Chemical Company (Dow), recently prepared addendum pages to the Final Removal Action Report for the Gulfco Marine Maintenance Superfund Site (the Site). These addendum pages were submitted to you by letter dated June 30, 2011 pursuant to Section VIII, Paragraph 42 of the Administrative Settlement Agreement and Order on Consent for Removal Action (Settlement Agreement) and the schedule in Section II.A of the Removal Action Work Plan (Appendix D to Settlement Agreement) for the above-referenced Site. Parker Drilling Offshore Corporation also participated in the Site work under an agreement it reached with the above Respondents.

With the submittal of the Final Removal Action Report addendum pages, all Removal Action activities specified in the Settlement Agreement have now been completed. Accordingly, Respondents request that EPA issue a Notice of Completion of Work pursuant to Paragraph 101 of the Settlement Agreement confirming that all Work has been fully performed in accordance with the Settlement Agreement and that the Settlement Agreement is terminated except for post-removal site controls, if any, payment of Oversight Response Costs; and record retention obligations.

Mr. Gary Miller and Ms. Rita Engblom
